

## LED SPHERE

Available in 1.5m  
1.2m & 1m Diameter

## LED SPHERICAL SCREEN FEATURES

1

### Special display

The LED spherical screen adopts a spherical design, which can achieve a 360-degree all-round display effect and can display richer special-shaped graphics and dynamic effects.

2

### High-definition display

The LED spherical screen uses HD lamp beads, which have the characteristics of high brightness, high contrast and high resolution, making the display effect more vivid and clear.

3

### Customizable

It can be customized according to customer needs, including diameter resolution, color and other requirements to meet the personalized needs of different customers.

4

### Easy installation and maintenance

Modular design, easy installation, detachable modules for easier maintenance

Can be hoisted

Floor mounted

Hemisphere

Application Environment	Indoor
Model	P2.5
Pixel pitch(mm)	2.5
Diameter(m)	1/1.2/1.5
LED Type	SMD1515
Pixel density (dots/m <sup>2</sup> )	160000
Average power consumption (W/m <sup>2</sup> )	180
Maximum power consumption (W/m <sup>2</sup> )	550
Refresh rate (Hz)	3840
Input voltage	AC100-240V-50-60Hz
life	100000
